

PSA INTERNATIONAL SHIPPING GUIDELINES

Dear International Customer,

Welcome to our Collector's World Service...Most international Customs borders have become very strict with export/import shipments and we want to provide you with easy shipping suggestions.

Incoming shipments to PSA:

- Customs Commercial Invoice
- Value should be \$2,500.00 or less, if over \$2,500.00 your package may be held at US Customs for formal entry, meaning you may need US Customs Broker assistance and pay a fee.
- Commodity/content description: **"Sports Cards printed on cardboard being sent for assessment. These are not sold items and will be returned to the owner after assessment"**.
- Please make sure to mark "Bill to Sender" on the airway bill as you are responsible for any and all customs and/or carrier processing fees associated with your shipment. Failure to do so could result in delays and additional fees.

Outgoing PSA shipments:

- When you pay PSA's International Return shipping fee, the package is returned fully insured with the carrier of our choice.
- Customs Commercial Invoice will be electronically filed so that no description will be on the outside of the box.
- You are responsible for any and all customs and/or carrier processing fees associated with your shipment.

Commercial Invoice:

- The value we use for customs is the total grading fee paid per submission up to \$2,500USD.
If the order exceeds \$2500 in grading fees we will split your order into multiple packages to avoid having to apply for an EEL.
- Description of contents will be **"Sports Cards printed on cardboard being returned to the owner after assessment. These are not sold items. All values declared are for customs purposes only". Value for customs = \$??? for expert opinion on collectable sports cards"**.
- If you would like to use a different value, you will need to fill out and attach a **"PSA Customs Form SI"** for each submission – contact PSA Customer Service for the form.

Again, you are responsible for paying any duty or tax fees on your incoming or outgoing shipments. On the airway bills and commercial invoices please remember to mark "Bill Sender" on all. If you are using your own FedEx account you are releasing PSA from all liabilities due to loss or damage to the package.
